Good morning, Councilor Corran,

Please read Barbara's response below regarding the dissolution of the Public Safety and Finance Select Committees.

There will have to be a request at a City Council meeting to pass a resolution regarding this topic as the Mayor is the person that established the committees as an integral part of the policy-making process.

I believe that Christine will also have some future input on the matter as well.

Please let me know if you have any questions.

Thank you,

Sergio Ruiz

Subject: RE: Getting rid of PS and Finance Select Committees

Good morning,

The Mayor established both the Public Safety Select Committee and the Finance Select Committee, including purpose, membership, and duties. Their respective purposes are:

- Public Safety: The Public Safety Select Committee's purpose is to improve the overall safety and quality of life of the community by providing recommendations to the City
